

## **ISCEON® MO59**

### **Description**

ISCEON® MO59 is an easy-to-use, non-ozone-depleting HFC retrofit refrigerant for R-22 in direct expansion stationary air conditioning (AC) and medium-temperature commercial refrigeration systems

### **Features and Benefits**

- provides easy, quick, cost-effective retrofits
- non-ozone-depleting HFC
- in most cases no change of lubricant type during retrofit is required -- compatible with traditional and new lubricants
- enables continued use of existing equipment
- can be topped off during service without removing the entire refrigerant charge

### **Applications and Uses**

- residential and commercial AC systems
- Note: For water chillers ISCEON® MO29 is recommended
- medium-temperature commercial refrigeration, including:
- food service
- supermarket display cases
- food storage and processing
